## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-19 and 23 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not teach a method providing a carrier liquid that is immiscible with a first solvent of a first liquid sample, wherein; the interior wall surface of said conduit system, said carrier liquid and said first solvent are selected so that; said interior wall surface is wettable by said carrier liquid preferentially to said first solvent and wherein said interior wall surface of at least a first section of said system is provided by a preferentially wettable covalent coating over a conduit system material that inherently, without said preferentially wettable covalent coating, is not preferentially wettable by said carrier liquid.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
